**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, OCTOBER 31, 2006**, upon the application of **ANADARKO PETROLEUM CORPORATION**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **James Sand, Reservoir A; the James Zone, Reservoir A, the Causey Sand, Reservoir A, the Hosston Zone, Reservoir A, the Cadeville Sand, Reservoir B, and the Cotton Valley Formation, Reservoir A**, in the Cadeville Field, Ouachita Parish, Louisiana.

**JAMES ZONE, RESERVOIR A**

1. To redefine the James Sand, Reservoir A, to be the James Zone, Reservoir A, being that gas and condensate bearing zone encountered between the depths of 5,360 feet and 5,670 feet (electrical log measurements) in the Diamond Shamrock-Verlee German No. 1 Well located in Section 25, Township 17 North, Range 1 East, Ouachita Parish, Louisiana.
2. To create eight (8) additional drilling and production units for the exploration for and production of gas and condensate from the James Zone, Reservoir A.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units, with each separate tract sharing in unit production on a surface acre basis of participation.
4. To provide that any future wells drilled to the James Zone, Reservoir A, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
5. Except to the extent contrary herewith, to extend to the proposed units all pertinent provisions of the 356-E Series of Office of Conservation Orders and all applicable Statewide Orders.
6. As to the existing units, except to the extent contrary herewith, to confirm and continue in effect the pertinent provisions of the 356-E Series of Office of Conservation Orders, the units created thereby and applicable Statewide Orders.
7. To consider such other matters as may be pertinent.

The James Sand, Reservoir A, was previously defined in Office of Conservation Order No. 356-E, effective January 31, 1984.

The James Zone, Reservoir A, is hereby redefined in the manner set forth in Item 1 above.

**CAUSEY SAND, RESERVOIR A**

1. To create fifteen (15) drilling and production units for the exploration for and production of gas and condensate from the Causey Sand, Reservoir A.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units, with each separate tract sharing in unit production on a surface acre basis of participation.
3. To provide that any wells drilled to the Causey Sand, Reservoir A, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir changes and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

**CADEVILLE FIELD**  
**06-1178 thru 06-1182**

The Causey Sand is hereby defined as being that gas and condensate bearing zone encountered between the depths of 5,870 feet and 5,920 feet (electrical log measurements) in the Diamond Shamrock-Verlee German No. 1 Well, located in Section 25, Township 17 North, Range 1 East, Ouachita Parish, Louisiana.

**HOSSTON ZONE, RESERVOIR A**

1. To create fifteen (15) drilling and production units for the exploration for and production of gas and condensate from the Hosston Zone, Reservoir A.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units, with each separate tract sharing in unit production on a surface acre basis of participation.
3. To provide that any wells drilled to the Hosston Zone, Reservoir A, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir changes and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The Hosston Zone, Reservoir A, is hereby defined as being that gas and condensate bearing zone encountered between the depths of 6,280 feet and 9,450 feet (electrical log measurements) in the Diamond Shamrock - Verlee German No. 1 Well, located in Section 25, Township 17 North, Range 1 East, Ouachita Parish, Louisiana.

**CADEVILLE SAND, RESERVOIR B**

1. To dissolve certain units from the Cadeville Sand, Reservoir B, previously established by Office of Conservation Order No. 356-D, effective December 13, 1983, said units being designated CAD RB SUC and CAD RB SUD.
2. To consider such other matters as may be pertinent.

The Cadeville Sand, Reservoir B, was previously defined in Office of Conservation Order No. 356-D, effective December 13, 1983.

**COTTON VALLEY ZONE, RESERVOIR A**

1. To redefine the Cotton Valley Zone, Reservoir A, INsofar AND ONLY INsofar as the CV RA SUA through CV RA SUG and CV RA SUK through CV RA SUO are concerned, as being that gas and condensate bearing zone encountered between the depths of 9,450 feet and 11,300 feet (electrical log measurements) in the Diamond Shamrock-Verlee German No. 1 Well, located in Section 25, Township 17 North, Range 1 East, Ouachita Parish, Louisiana.
2. Except to the extent herein contrary, to confirm and continue in effect all pertinent provisions of the 356-C Series of Office of Conservation Orders, the units created thereby, and all applicable Statewide Orders.
3. To consider such other matters as may be pertinent

The Cotton Valley Zone, Reservoir A, was previously defined in Office of Conservation Order No. 356-C, effective February 16, 1982, and was redefined in Office of Conservation Order No. 356-C-2, effective May 18, 1983. Except for the proposal to expand the zone interval in the aforementioned units, no change is being requested as to the existing Cotton Valley units.

Plats are available for inspection in the Office of Conservation in **Baton Rouge and Monroe**, Louisiana.
